Start your tour from the very heart of Florence, with the guided visit of Accademia Gallery with a total immersion in the art of Michelangelo to know his most renowned works, the "David", and other important masterpieces such as "I Prigioni", "San Matteo" and the "Palestrina Pietà". The young Michelangelo carved the David from a huge block of rough marble in three years, creating an imposing sculpture of absolute beauty, an icon of the renaissance model. Then you will proceed with a walking tour which will include the outdoor guided visit of San Lorenzo church and the Duomo complex: San Giovanni Baptistery with its bronze doors as the famous Porta del Paradiso and the cathedral with the magnificent Cupola del Brunelleschi and Giotto's bell tower. The walk continues along lively via Calzaiuoli in the heart of the city, where you can admire the imposing and singular Orsanmichele church, a masterpiece of Florentine Gothic art, decorated with shrines with statues of the patron saints of the powerful medieval trade guilds. Then you reach the bustling Mercato della Paglia (Straw Market): don't forget to rub the nose of the famous "porcellino" (pig) and toss a coin into the fountain to bring you

good luck! Going on, you can admire the romantic, picturesque Ponte Vecchio, the oldest bridge in Florence, with its renowned jewelry shops. Your lovely blast from the past will end in Piazza Signoria, one of the most beautiful squares in the world and the political center of the city. In this true "outdoor museum", you'll be amazed as you admire the beautiful fountain of Neptune with the marvelous and imposing marble statue by Ammannati and then, looking around, the sculptural masterpieces of the Loggia dei Lanzi, including the Cellini's Perseus and the Gianbologna's Rape of the Sabines. Dominating all this is the majestic Palazzo Vecchio with its crenelated Arnolfo tower, one of the most famous symbols of Florence that you will be able to admire in all its magnificence. End this amazing tour with a delicious Tuscan lunch in a restaurant located in the old town. Enjoy a typical lunch in a historic restaurant.

Please note that the order of the visits may change.

Total immersion in the Accademia Gallery and in the art of Michelangelo to know his most renowned work, the "David", and other important works of art such as "I Prigioni" and "San Matteo" and the "Palestrina Pietà". A few steps away you will find the marvelous Duomo monumental complex: the Baptistery with its golden "Porta del Paradiso", the cathedral with the famous Brunelleschi Dome and the elegant Giotto bell tower. The tour then goes through the characteristic streets of the medieval district where Dante and Beatrice lived and where you can also

admire the imposing and unique church of Orsanmichele, a masterpiece of Florentine Gothic art, adorned with the statues of the patron saints of the powerful medieval trading guilds. Palazzo Vecchio, which stands majestically on Florence skyline, is one of the most recognized symbols of the city. Built during the Middle-Ages, it still preserves the austere architecture of the fourteenth century, with its crenelated top and the imposing Arnolfo's Tower. The indoor parts of the building, beautifully renovated in the '500 when the Palace became the house of Medici, are instead typically Renaissance and hold priceless treasures and works of art. In the sumptuous halls and the private apartments of the family, worked the greatest artists of the period. Visiting the palace means to stroll among the wonders of Renaissance and retrace its history, discovering also the secrets and

tales linked to the powerful Medici family. The elegant courtyard by Michelozzo, welcomes you at the beginning of a visit that will enable you to admire the famous and beautiful "Hall of the 500", the charming and intimate study of Francesco I de' Medici, the beautiful private apartments of Eleonora of Toledo and Cosimo I de' Medici and the sumptuous and stunning boardrooms, in an incredible series of frescoes, paintings, decorations and statues of the greatest Renaissance artists as Michelangelo, Donatello, Verrocchio, Vasari, Ghirlandaio and Bronzino, just to mention some of them.

Discovering the city center of Florence has never been so easy! With so many pedestrian areas and traffic restrictions, riding a bike has become the easiest way to move around the old town. On this small group tour, led by our friendly and expert tour guides, you will be able to admire Florence exploring the four districts of the city with detailed explanations about the history, the architectures and the anecdotes of the most important landmarks in town: Santa Croce, the Duomo, Santa Maria Novella, San Lorenzo, Piazza della Signoria and the Uffizi, Ponte Vecchio, Piazza Santo Spirito and Piazza Pitti. During every stop there will be time for pictures and your guide will be glad to answer any questions in order to give everybody tips for places, museums

and experiences that you can't miss during your stay in Florence. Only by riding a bike you will be able to see so much in a very short time, taking the safe and less crowded alleys, in order to navigate through the city avoiding the main roads whenever possible. Considering that the city center of Florence is totally flat, everyone who knows how to handle a bike can join the tour, with a very low muscular effort. At the end of the tour, a "gelato" is what you need: your guide will bring you to take one of the best ones in town...a good excuse to taste a delight that, not everybody knows, was invented by Bernardo Buontalenti in Florence during the Medici dynasty!

Italy is best known for art, fashion, pizza and... ice cream! Take advantage of your Italian stay to not only save yourself from disappointing food experiences but also learn how to prepare pizza and gelato yourself! Under the expert guidance of a chef, you will first become a pizza-making expert step by step: you will be taught the tricks for a perfect dough as well as a delicious tomato sauce. After pizza, you will turn into a gelato maker: you

will get familiar with the main ingredients and learn how to select the best products. Your chef will show you the development and application of natural colors, the heating and freezing techniques and their effect on the ingredients. The result will be a denser texture and more intense flavors than fluffy, whipped ice cream. Join this experience and repeat it at home whenever you will like!
