Besides, the "Neapolitan" culture is expressed in the typical local food as well as in the narrow

streets full of players and dancers that will color your walk with unbelievable effects. After the free time, the tour guide will reach the monumental area of Naples and you will enjoy the view of medieval Angiò's castle and one of the world's best neoclassical theaters, the San Carlo Theatre. It will not be just shown how to prepare the Neapolitan pizza but some secrets will also be revealed: which flour is good to use, which kind of yeast, how long the dough must rest, how it must be spread, which tomato use, when the oil is poured and so forth. Moreover, the interesting history of this unique dish will be described: in the late 1800s, Raffaele Esposito was called to make a pizza for the visit of King Umberto and Queen Margher-

ita of Italy. During this tasting test, Queen Margherita liked the pizza garnished with tomatoes, mozzarella and basil, to represent the national colors of Italy as on the Flag of Italy. Pick-up at the requested place at 10:00 and transfer to Pompeii to explore one of the most fascinating places of Naples environs under the narration by a professional guide. In Roman time Pompeii was a rich and populated town, full of private and public buildings. On a summer's day in 79 A.D., the entire town and around 20.000 of its inhabitants were buried under tons of ash and pumice because of a violent explosion of Mt Vesuvius. A shower of very fine ash was deposited everywhere to a depth of more than six meters, enveloping everything and adhering to the forms of the bodies and of their clothes. Almost 2.000 years later, you have the opportunity to discover the everyday life of the Imperial Age and imagine the panic of the people before the city was so disastrously buried. In a two hours walking tour, your guide will show you fascinating places such as The Forum, Thermal Baths, Lupanare, Greek theatre and plaster casts of the bodies of Pompeii people. After the visit brief stop for lunch and

departure toward Sorrento coast. It will be possible to admire during the way the suggestive medieval Castle from which the name of the famous town Castellammare di Stabia comes, the small and enchanting beaches of Vico Equense and Seiano and the typical Mediterranean vegetation full of lemon and orange trees. Stop at the panoramic viewpoint in Meta di Sorrento to look up to the wonderful sight of the bay overlooking the sea. Stop in Sorrento for a brief visit of the town (about one hour). The guide will show you the most renowned places walking through the suggestive narrow streets full of stores and little workshops, as far as one of the most scenic place of Sorrento: the so-called Villa Comunale from where is possible to admire the beauties of the golf as far as Punta Campanella and Capri Island and immortalize the breathtaking scenery. Return to Naples at around 5:00 PM.

The Vesuvius is one of the most studied and well-known volcanoes in the world. A symbol of Naples with its unique shape, it has a typical frusto-conical shape, with its highest peak reaching 1277 meters. The crater currently has a diameter of 450 meters and a depth of 300 meters. The eruption of Mount Vesuvius in AD 79 destroyed the Roman cities of Pompeii, Herculaneum, Oplontis and Stabiae, as well as several other settlements. Pick up at the hotel/port/station in Naples around 9:30 AM and drive by highway directly to Torre del Greco village where we begin

our climb passing through Vesuvius National Park until 1000 mt. From the parking place access to the path going to the top of the only still active volcano of continental Europe. Two hours at your disposal to reach and walk around the crater at 1200 mt to see the charming bay of Naples from eastern to western side. This tour will last 3 hours and will include round-trip transfer from Naples and English commentary. As you wander through the streets of Herculaneum, you are not only

offered a unique glimpse into the private lines of the Romans, but you can also sense the panic that must have terrified its inhabitants when the volcano erupted. THE TOUR LASTS APPROXIMATELY 1 HOUR AND 30 MINUTES AND ENDS IN PIAZZA MARADONA

You will have the chance to walk through the streets that represent the heart of the city, our guide will show you the places that symbolize the eternal bond between Maradona and the city of Naples. We guarantee maximum compliance with health and hygiene regulations against Covid-19 for the safety and protection of your person. We will start from Piazza Plebiscito, and then continue passing through the Gallery Umberto I, reaching the famous Spanish Quarters. Every corner, every street and every glimpse of this city will testify the deep love of the Neapolitan people for Maradona. He was unanimously considered a hero, the one who gave the joy of the first championship trophy to the city and that brought the name of Naples up in the world. Everywhere around you, it was Diego-mania. The entire city of Naples testifies to the passage of the "Pibe de Oro". Maradona was practically everywhere: from the murals on the streets of the city, to the fireworks called "Maradona's balloon" from all kinds of gadgets and souvenirs, to cakes with his face; from the poems dedicated to him, up to the statuettes of the Neapolitan nativity scene. He has surely been one among the few immortal sports icons, able to create a true

phenomenon of custom, to drag the masses and to make people of any nationality mad with joy. In Naples, thanks to the street art, there is now a magnificent museum dedicated to him. An open-air museum, which you will now have the opportunity to discover! Thanks to this tour you will visit two of the must-see destinations for any aficionado of Napoli's number 10: Vico Lungo Gelso and Piazza Maradona in via Emanuele De Deo. Here, in fact, you will admire, in all their majesty and reverence, the most famous murals dedicated to Pibe de Oro. You will admire a ceramic mosaic, donated by two Italian-French artists and the stencil made by the Argentinian street artist San Spiga, created to celebrate the 30 years' anniversary of the first championship won by Napoli and Maradona. Next to this, another full-length stencil representing Maradona when dribbling, with the well-known ability and excellent technique. Continuing our walk in via Emanuele de Deo (piazza Diego Armando Maradona), we will admire the famous mural that has become a real destination pilgrimage for supporters and fans, dedicated to the champion on the occasion of the second Napoli's scudetto, in 1990.
